SPONSORSHIP LETTER

Dear Percheron Foundation Board of Directors;

On behalf of AllShe Academy, I am honored to submit this formal request for a \$5,000 grant to support our AllShe Inspires Summer Program, as well as ongoing mentorship and empowerment initiatives that provide life-changing opportunities for young women across Houston and beyond. Founded in 2019, AllShe Academy is a Texas-based 501(c)(3) nonprofit dedicated to preparing young women particularly those from underserved and underrepresented backgrounds for success in college, career, and life. Our work centers on mentorship, financial literacy, scholarships, skills training, and professional development. We focus on high school and college students, with a mission to close opportunity gaps through culturally relevant, accessible programming.

In addition to the summer program, grant funding would also help us expand our Goals & Growth Chats mentorship series, increase the number of \$1,000 scholarships and micro-grants, and enhance our career readiness tools, including resume workshops and interview prep. This \$5,000 grant would be transformative. It would allow us not only to meet current demand, but to strengthen our infrastructure, serve more young women, & sustain our efforts year-round. Thank you for considering this request. We welcome the opportunity to speak further about how the Percheron Foundation and AllShe Academy can work together to create lasting impact.

Warm regards,

Naomi Morgan

President, AllShe Academy

PROGRAM INTRODUCTION

The AllShe Inspires Summer Program is a transformative, weeklong initiative hosted by AllShe Academy that provides middle and high school girls with the tools, confidence, and knowledge to succeed in all areas of life. Designed specifically for girls from underserved and underrepresented communities, this program offers a comprehensive curriculum rooted in mentorship, personal growth, and leadership development.

Throughout the week, participants engage in interactive workshops covering financial literacy, self-care, mental health, etiquette, public speaking, and STEM exploration. These sessions are led by inspiring women leaders, entrepreneurs, and educators who share their experiences and insights, creating an empowering environment where young women can learn, ask questions, and dream boldly.

The program's mission is to ensure that every girl walks away with enhanced confidence, practical life skills, and a strong sense of sisterhood and purpose. By investing in their development, we are not only preparing these young women for success but also planting seeds of empowerment that will positively impact families, schools, and communities for years to come.
